A Manual of Poultry Diseases

A revised edition of Extension bulletin B-1031 A Manual of Poultry Diseases has been completed. This 56-page manual provides basic information on poultry diseases--how common poultry diseases are established, their characteristics and control. In addition to general information on poultry diseases, medication and vaccination, the manual includes sections on bacterial, respiratory, viral, protozoan, parasitic and miscellaneous diseases and conditions.

Order Form

Please send _____ copy/copies of B-1031 A Manual of Poultry Diseases to the following address. Enclose a check in the correct amount (\$4.00 per copy), payable to the Texas Agricultural Extension Service.

Mail order form to:
Department of Agricultural Communications
Reed McDonald Building, Room 101
Texas A&M University
College Station, TX 77843-2113
